Gardens Team Highlights

This week, we're excited to share highlights from our front-of-house customer service team! First, Tom (pictured above at left) and Dan (pictured above at center) have been core members of the Market team since the beginning. They have both been working to develop their customer service skills, and they love assisting you with your CSA pick-up in the Market each week. In addition to assisting our CSA members, these two have also been learning to check out customers using the Square system in the Market. Just one more reason to make an additional purchase while you pick up your share this week!

Another one of our valued front-of-house team members is Matt, pictured at right below. As you can see, Matt takes pride in making sure the Market is squeaky clean for our CSA members and all of our other customers. In addition to working in the Market on-site at the Farm, Matt also assists with produce deliveries. He has been honing his customer service skills on the phone and loves calling our retail partners to inform them when they can expect their deliveries.

Finally, we want to take a moment to recognize Stacey Krohn, the staff pictured above at right. Stacey recently celebrated TWENTY-FIVE years at Bittersweet Farms. She has worked in many roles over the years, but one thing has remained the same-- her dedication, sense of humor, and deep connection with the participants. Join us in congratulating Stacey if you see her!
